OVERVIEW

Grow your future

Build on your current skills as a nurse or beauty therapist by specialising in dermal therapy. Learn how to design and safely apply non-ionising radiation treatments using Intense Pulsed Light (IPL) and laser technologies to reduce unwanted hair on the face and body. Build your skills in skin and hair analysis, designing and evaluating treatment programs and client consultations. Your qualification could see you working for GPs, plastic surgeons, dermatologists, skin clinics or medispas.
