OVERVIEW

### Make your career shine

Do you love making jewellery? We will help you to interpret drawings, plan measurements and work safely with a range of chemicals and materials such as molten metals and glass. Use hand tools for precision work and know how to construct metal casing, create wax models, set gemstones and repair jewellery. There are convenient block release training periods scheduled throughout the year so this will make it easier for you to grab this qualification and add some dazzle to your life.
