

**HELLO THERE, OUR DREAM IS TO HELP YOU MAKE GREAT HAPPEN**

- Industry endorsed
- University Pathways
- Payment options
- Student satisfaction

**OVERVIEW**

**Welcome to your future**

The Certificate III in Information, Digital Media and Technology introduces you to digital media and communication technologies. You will become familiar with the administration and maintenance of a computer network's user environment, Windows domains, and Information and Communication Technology (ICT) functions. Learn basic computing skills, hardware and networking and the creation of technical and user documentation.

## Outcome

ICT30115 Certificate III in Information, Digital Media and Technology.

- This qualification is a pathway to multiple diplomas with a major in [networking, website development and software development](#).

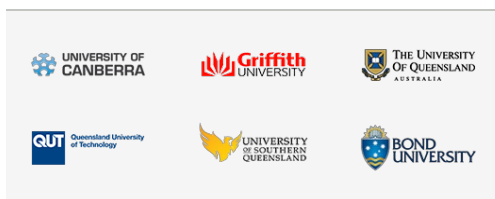

### University pathways

If you want to go on to further study at university, TAFE Queensland has a pathway option to get you there. In many cases, completing one of our diplomas will give you a full year of credit towards a degree with one of our partner universities. That means cutting down the amount of time you need to complete your degree, or even enrolling straight into the second year of your university course.

More info:

[Learn more about University Pathways](#)

### Our pathway partners include:

### Job prospects

- ICT Network And Support Professionals
- Technical Support Technician/Specialist
