OVERVIEW

Make a healthy career choice

The central sterilising department is the back-bone of every healthcare facility. Develop specialised sterilisation skills and set yourself up for a career in the health care industry. Build your skills and knowledge of infection control, sterilisation techniques, instrument maintenance, workplace health and safety and Australian and New Standards compliance. Work in a range of facilities from large hospital sterilising departments to office-based practice.

HLT37015 Certificate III in Sterilisation Services

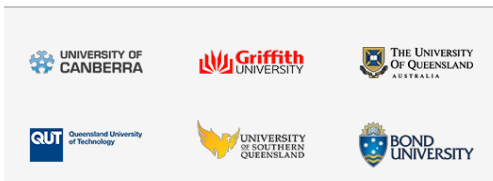

University pathways

If you want to go on to further study at university, TAFE Queensland has a pathway option to get you there. In many cases, completing one of our diplomas will give you a full year of credit towards a degree with one of our partner universities. That means cutting down the amount of time you need to complete your degree, or even enrolling straight into the second year of your university course.

More info:

[Learn more about University Pathways](#)

Our pathway partners include:

Job prospects

- Sterilisation Technician
- Instrument technician
- Sterilisation assistant
