OVERVIEW

### Put your career in the spotlight

The Diploma of Screen and Media (Animation & Visual Effects) will help you develop practical and creative skills required for film, television and online video productions. You'll develop skills in a variety of areas including 3D modelling, character design, animation, drawing and design fundamentals, visual storytelling, compositing, motion graphics, motion tracking, green screen, as well as filming and editing. An emphasis on developing an understanding of the production pipeline process for animation and visual effects for screen productions is a focus
