PROGRAM OVERVIEW

Students will have the opportunity to visit Beijing and Jiamusi in China as part of this tour. The first couple of days in Beijing will focus on the culture and history of China, involving a range of activities surrounding traditional food, arts and dance performances and tours such as the Great Wall, Forbidden City and a variety of palaces and temples. The group will then travel to Jiamusi to where the Heilongjiang Province Linye College of Health Professions will put on an opening ceremony for the group as they experience the folk custom and quintessence of Chinese culture. Students will then participate in lectures over the next three days, delivered by Heilongjiang Province Linye College of Health Professions on topics such as Chinese traditional medicine (acupuncture, manipulation, food therapy) and will also visit a traditional Chinese Medicine hospital in Jiamusi.

Students will also have the opportunity for free time and a tour in Hezhen scenic spot, Chinese acrobat show and visit to street markets before returning home. This program includes basic language classes prior to departure and upon arrival in China. Basic language classes will occur 2 hours per week and commence approximately 2 months prior to departure.

-A detailed draft itinerary will be provided to students after acceptance into the program but please note that this may also be subject to change.
