Get prepared for tertiary study

Get the marks you need to gain entry to university with this intensive course. It will teach you to plan, research and present academic arguments in writing and speeches. Take your pick of the many electives in biology, chemistry, computing, mathematics, legal or physics. You will gain the skills needed for successful tertiary study including time management, problem solving, research and assignment writing, as well as exam and seminar presentation strategies.

Graduates of the Certificate IV in Adult Tertiary Preparation can achieve a rank between 2 to 4.

Entry requirements

The entry requirements for this qualification are:

- Learners entering this program must have a recognised qualification at the Certificate II level or above in a related area.

--- more online ---

Resources required

It is recommended that students have access to a reliable internet connection to access TAFE Queensland's online learning platform.

--- more online ---

What are my payment options

No matter what your circumstances, TAFE Queensland Brisbane has a payment option to suit you. If you are unsure of what's right for you, call us on 1300 712 007. We're here to help.

--- more online ---

**FULL FEE** | $4,185
---

This is the total cost of the course.

Got a question?

Enquire about your full fee study options

**SUBSIDISED** | $1,521
---

The Queensland Government will offset the cost of study for eligible students. You will still need to pay for a portion of your study costs. The amount above is what you will need to pay.

**CONCESSION** | $855
---

You are eligible for the concession price of a course if you are eligible for subsidised training, and are listed on an Australian Government Low Income Health Care Card or Pensioner Concession Card. If you are Aboriginal or Torres Strait Islander, you hold a Department of Veterans' Affairs Pensioner Concession Card, or if you have a disability. Further information about concessions.

Units

To complete this qualification nine units of competency are required in a particular order:

- The 3 core units are:
  - ATPPRE401A Plan and prepare for study
  - ATPALS401A Research, plan and present academic essays, reports and reflections
  - ATPALS402A Write academically to persuade/argue and critically analyse, and present academic speeches.

- The remaining 6 elective units may be completed in any of the combinations below:
  - Any of the following 3 specialisations which require the completion of 2 elective units
  - Two specialisations which require the completion of 2 elective units and two other elective units from any other specialisation.

Core units - please complete all 3 units

- ATPPRE401A Plan and prepare for study
- ATPALS401A Research, plan and present academic essays, reports and reflections
- ATPALS402A Write academically to persuade/argue and critically analyse, and present academic speeches.

Modern History Studies Specialisation

- ATPHS401A Apply historical methodology to the analysis of events, issues and concepts of Modern History
- ATPHS402A Apply historical methodology to analyse historical issues and events of the 20th and 21st centuries

Physics Specialisation

- ATTPHY401A Demonstrate the application of measurement, wave motion, optics and electricity theory in physics
- ATTPHY402A Demonstrate the application of kinematics, dynamics and gravitational forces in physics
- ATTPHY403A Demonstrate the application of theory relating to electronics, magnetism and nuclear physics

Legal Studies Specialisation

- ATPLEG401A Apply the legal principles of Commonwealth and State Criminal Law to legal problems
- ATPLEG402A Apply the principles of Australian civil, tort and contemporary law to legal problems

General Mathematics Specialisation

- ATPGM401A Use and apply mathematics in real world applications
- ATPGM402A Use and apply financial mathematics, probability and statistics in real world applications

Pure Mathematics Specialisation

- ATTPMA401A Solve pure mathematics problems involving trigonometry and algebra
- ATTPMA402A Solve pure mathematics problems involving statistics and functions
- ATTPMA403A Solve pure mathematics problems involving calculus

Psychology Specialisation

- ATPPSY401A Apply contemporary approaches and knowledge of biological influences to understand human psychology
- ATPPSY402A Apply theories relating to development, behaviour and society to understand human psychology

Family and Consumer Studies Specialisation

- ATPFAM401A Apply theory and practices of good nutrition to promote health in individuals, families and society
- ATPFAM402A Apply concepts of family and culture to understand family relationships in contemporary society
- ATPFAM403A Apply knowledge of the living environment and its impact on individuals, families and society
