Brighten your career options

The qualification provides entry-level training for the jewellery industry and equips students with sufficient skills to gain employment in the industry or go on to further study. Throughout this course, you will develop skills and knowledge in the tools and techniques, basic processes and procedures of jewellery fabrication, as well as an introduction to aspects of design and technical drawing.

Upon successful completion of this course, you will gain advanced standing in the Certificate III Jewellery Manufacture, as many of the units are...

Outcome
MEM20105 Certificate II in Engineering

University pathways
Job prospects

ARE YOU READY TO TAKE THE NEXT STEP ON YOUR PATH TO GREAT?
If you want to go on to further study at university, TAFE Queensland has a pathway option to get you there. In many cases, completing one of our diplomas will give you a full year of credit towards a degree with one of our partner universities. That means cutting down the amount of time you need to complete your degree, or even enrolling straight into the second year of your university course.
